

Cosma LEVI

"A prominent figure in the Romanian and international dance scene, Cosma Levi Lennon combines academic discipline with urban culture excellence.

An alumnus of the 'I.L. Caragiale' National University of Theatre and Film (UNATC), he has established a multidisciplinary career as a performer, choreographer, organizer, and teacher. His expertise is backed by an impressive record of titles won both as a competitor and a mentor.

On the global stage, he is best known for his elite judging credentials. Cosma Levi Lennon is the only Romanian representative invited to the World Hip Hop Championships' panel of experts for seven years in a row. Moreover, he is one of the first five specialists globally to earn the Hip Hop International (HHI) Elite Judge License, proving his mastery of international standards.

Today, beyond judging and teaching workshops, he focuses on community building. Through 'The Wings Of Community,' he leads initiatives that offer education and support to drive the evolution of dance in Romania."
